

**ANNEXES to Decree n° 126 CM of February 5, 2021,
amending Decree n° 525 CM of May 13, 2020, amended, on entry measures and health
surveillance of arrivals in French Polynesia as part of the fight against covid-19**

ANNEX 1

**Indicative list of compelling motives
justifying travels to French Polynesia**

Compelling motives of a personal or familial nature:

- Death of a direct family member (parent, child, grandparent) and a sibling.
Required documents: death certificate.
- Visit to a direct-line family member (parent, child, grandparent) with a life-threatening condition, and a sibling.
Required documents: medical certificate establishing the situation of the person with a life-threatening prognosis.
- Custody of children by the parent with parental authority or whose right of custody is recognized by a court decision (removal of the parent or child concerned).
Required documents: court decision and proof of place of residence except for telephone operators.
- Assistance to elderly, sick or disabled people who have no other support.
Required documents: documents establishing the relationship between the caregiver and the person being cared for, and attesting to the situation of the person being cared for.
- Summons by a judicial or administrative authority.
Required document: summons by the administrative or judicial authority.
- Legal or economic impossibility to stay on the territory on which is located the person usually residing in French Polynesia.
Required documents: expiring residence permit, act of dismissal, etc.
- Security of the person (child protection and fight against the illicit movement of children abroad, protection of victims of domestic violence)
Required documents: Any document certifying the materiality of the facts (medical certificate, official police or judicial document).
- Return to the principal residence when the trip was started before February 3, 2021
Required documents: proof of principal residence except for telephone operators, presentation of a return ticket for a round trip, the outward journey must be before February 3, 2021.
- Student at the end of studies or for the realization of an internship necessary for the validation of the training.
Required: Certificate of schooling issued by the institution.

Compelling motives of a health nature:

- Return from a medical evacuation organized by the CPS.
- Person having received care that cannot be given in French Polynesia.
Required documents: medical certificate, proof of scheduled hospitalization, etc.

Compelling motives of a professional nature:

- Missions essential to the pursuit of an economic activity requiring a presence on site which cannot be postponed and whose postponement or cancellation would have consequences manifestly excessive.
Required documents: employer's certificate, professional card of the international transport of goods, international passenger transport, the international maritime transport.
- Health professional involved in the fight against Covid-19.
- Health professional needed for continuity of care.
Required document: work contract
